

FURNITURE!

Fall Announcement.

Wash. B. Williams
Furniture Maker and Importer.

GRAND FALL EXHIBITION

of the World's Productions in
the Furniture and Up-
holstery Arts.

My exhibit this season surpasses anything ever before seen in the Furniture line. Four spacious rooms filled with the latest productions of home and foreign markets, comprising Furniture of every description from medium to finest grades, all arranged so as to afford ready inspection. No such magnificent display has ever been shown in Washington.

My method is to sell every article on a small-profit basis, and at a fixed price marked in plain figures.

VISITORS TO WASHINGTON are cordially invited to visit my establishment whether intending to purchase or not.

H. FRIEDLANDER & BRO.,
Ninth & E Sts. N. W.BECKWITH & CO.
THERMO-OZONE BATTERY

Dr. Beckwith's new discovery in Electricity—THERMO-OZONE BATTERY. This discovery is of the most vital importance to the sick, because it furnishes families with a means of curing disease at its beginning by home treatment.

The method is by a gentle current of galvanic electricity and the contraction of oxygen, ozone and medicine into the blood or human system, where disease originates. Its curative value is proven by over 1,000 physicians.

Electro-Galvano Plaster, by S. R. BECKWITH, M. D. The only Medicated Plaster ever made where the medicine is contained in the plaster, and the force of current sending the medicine into tissues beneath plaster.

Principle fully explained in circulars, sent on request. The public asked to call and investigate. L. A. H. EXETER, Agent, Rooms 4 and 5, 707 G Street, Opposite Fair Office. See ad.

CLAIMS BRITISH PROTECTION.

New Tack Taken by a Valparaiso Captain Arrested for Cruelty. Port Townsend, Wash., Sept. 23.—Capt. J. A. MacLean, a prominent resident of Valparaiso, who was arrested here recently in connection with Capt. Jensen, of the Chilean ship Atacama, for alleged brutality to a sailor named Bolden, on the voyage from Valparaiso, has taken a new tack to avoid liability in the case against him, which involves \$10,000.

MacLean, who is now confined in the government jail, in default of his bonds, has announced himself as not a Chilean but a British subject, denying at the same time his alleged ownership of the ship and claiming to be only a passenger.

To-day, through the Consul, Blocker, the matter was referred to Sir Julian Pauncefote, at Washington, asking for an order for his immediate release.

"If it's news, it's in The Morning Times."

The Beauty

of a room is often only "paper" deep—have you ever noticed what a difference a pretty paper makes? a room? Or a little artistic decoration? It is our business to make rooms beautiful—we can do it—we know how.

LABOR BUREAU HAS FRIENDS

Cigar Makers, Tailors and Engineers
Indorse the Project.Various Unions Meet and Discuss
Questions Affecting the Interests
of Organized Labor.

Cigar Makers' Union, No. 110, held a largely attended meeting Saturday evening at Bell's Hall, 737 Seventh street northwest. The greater part of the evening was occupied in investigating complaints against seventeen members who were reported on not attending on Labor Day. A thorough investigation was made, the result being that fourteen of those against whom complaint was made were fined \$2 each. The remaining three were excused on account of sickness.

The question of the establishment of a labor bureau and workmen's library was favorably discussed. Unfortunately, for this purpose, the local union has no control of its finances and for the present will be unable, as a body, to subscribe to the support of the proposed institution. In order, however, that their position may be thoroughly understood in this matter, Mr. F. R. Hall was elected to represent the union on the Labor Bureau committee, with instructions to state to that body that he union is fully sympathetic with the movement.

A communication was received from Mr. G. W. Schleier, No. 317 Seventh street southeast, stating that he has not handled any of "Carney's Old Style Cigars" since Mr. W. Carney's name was placed on the unfair list.

The agitators committee reported that it had visited the Carpenters, Bakers' Drivers, Columbian, Machinists, Plasterers, and

WAS A GOOD THING ONCE

National Lithographing Company
to Be Sold Out.Administration Pet, So It Was Said,
and an Assistant Secretary of State
Was One of Its Backers.

An advertisement of a sale under a trust deed which appeared first on Saturday last, recalls an interesting incident of the first part of the present administration. It also reminds a good many persons in the vicinity of the Farmer's Alliance, which was such a power in the land five years ago, and is now gradually but surely slipping back to a place with the granger movement of the early seventies, the Pleasanton blue grass cure and other fancies that are sailing away down the Lethean stream.

The offer is in two sections and proposes to sell the lithographing plant of the National Company, at 464 C street northwest. The outfit is expensive and will probably not bring half what it cost. It was purchased in the belief that the backers of the company had a good thing in the way of a government job.

When the Cleveland administration came in there was with it Hon. Josiah Quincy, of Massachusetts, Assistant Secretary of State. He had as a friend Horace Kenney who had been secretary of the National Democratic committee, and whose services seemed to deserve reward.

When the time came to let the contract for printing the Patent Office Gazette, which had gone for years to the Norris-Peters Company, it was found to the surprise of many that the successful bidder was the National Lithographing Company. The total paid for the work was about \$150,000, and of this a large part was

MUCH WORK BEFORE THEM

Long List of Big Cases to Be Heard
by the Supreme Court.October Term Will Begin on the 14th
With Important Suits Pending
for Decision.

The United States Supreme Court will meet again Monday, October 14. On that day after assembling the justices will call upon the President.

The business of the court will commence on the 15th. The first week will be devoted to miscellaneous business. The important cases that were pending at the last session were set for early hearing, and will be called beginning Monday, October 21. Among them are the following: The Cleveland, Cincinnati, Chicago and St. Louis Railway Company vs. Millard F. Brown, relating to the responsibility of a corporation for an accident to an employee while said employee was acting under instructions from a foreman and had no opportunity to know the danger he incurred. The Floodway Live Stock Company vs. William H. Beck. This is a case where the company filed a bill in equity against Captain Beck, of the United States Army, acting Indian agent of the Omaha and Winnebago reservations in Nebraska, asking an injunction to prevent Beck from interfering with the possession by the company and its lessees of certain reservation lands which the company had obtained from the Indians. The Circuit Court of Appeals decided against the Floodway Company.

James H. M. Grosvenor et al. vs. Robert B. Dashiell involves an alleged infringement of patent which covers breech-loading mechanism of rapid fire cannon. The device supposed to infringe has been adopted by the United States and employed in the manufacture of cannon now in use

A REASSURING SAFEGUARD.

Nervous Old Lady (in sixth story of hotel): "In case there's a fire during the night, young man, what am I to do?"

Porter: "D'y' see that coil of rope in the corner, mum?"

Nervous Old Lady: "Yes."

Porter: "Just tie one end of it round yer an let yer self down easy."

—Texas Siftings.

several other locals to notify them of several business places which will be placed on the unfair list. This matter will first be referred to the Federation of Labor.

A committee from the Painters' Union was given audience to state their grievances against Kernan's and Allen's theaters. Their request that the union withhold its patronage from these houses was granted.

L. U. 188, Journeymen Tailors, held an enthusiastic and well-attended meeting Saturday evening at Costello's Hall, corner of Sixth and G streets northwest. The delegates to the central labor bodies reported favorably on the question of the establishment of a labor bureau and a workmen's library, and Mr. H. Rapton was elected a delegate to represent the local on the labor bureau committee.

A delegation from the Painters was present to request that the members of Union 188 withdraw their patronage from all business houses displaying advertisements of Kernan's and Allen's theaters. The request was granted.

A vote of thanks was tendered the joint executive board, composed of members from No. 188 and 2370, K. of L. for their successful work in organizing cities. The board will hold a special meeting in The Times building to-morrow evening at 7 o'clock.

The Eccentric Association of Steam Engineers, L. A. 4896, K. of L., held a largely attended meeting Friday evening at Bunch's Hall, 316 Eighth street northwest. The executive board reported that an agreement had been made with a local firm, which would result in the employment of a large number of union steam engineers. The board also reported that the names of Mr. Nick Auth, butcher, and Eisenman Bros., clothiers, had been taken from the unfair list.

The plans formulated for the establishment of a labor bureau and a workmen's library were indorsed and a delegate appointed to represent the assembly on the labor bureau committee.

A committee was appointed to visit and notify the local labor bodies that Mr. Rambling, of the Union Market, had not yet employed a union engineer, and that his name was still on the unfair list.

At the regular meeting yesterday of Douglas Assembly, Steam Engineers, No. 1149, K. of L., resolutions were passed, imposing a fine of \$5 on the members if found patronizing Kernan's or Allen's Theaters, or any barber shop displaying their advertisement.

The membership of the assembly is rapidly increasing, there being many members obligated during the past month and many applications still awaiting action.

A meeting of the executive board of the Tailors' Union will be held in The Times building this evening at 7:30 o'clock.

His Body Sent to Brooklyn. The body of Steven N. Stillwell, the secretary of the Old Dominion Jockey Club, who died early yesterday at his home, No. 1304 G street, was sent to Brooklyn at 10 o'clock this morning for burial at his old home.

Mr. Stillwell was thirty-two years old. He had been associated with racing interests since boyhood, and was a familiar figure on almost every course in the country.

"If it's news, it's in The Morning Times."

Money
Back
If You
Say So

Who's looking for anything better than that? Surely not any fair minded person. True some folks may think we don't mean just what we say, but there is a cause for doubt. It's not because we have not always done as we agree to do though, it's simply because those people who don't have looked to some other dealer to supply their wants. They do not know how absolutely safe we are in making such an assertion and proposition.

It's the to-be-depended-upon clothes that we sell that make us safe; that's plain enough, isn't it?

Our desire is to please everyone who comes to be clothed. To do this it is necessary that we have the goods to show that we claim to have. You are not sure that they are here till you see them. We know it now.

We also know that any man or boy that comes or is brought to our store will be clothed well with

FAILED TO KILL HIMSELF.

Charles H. Woods Tried Suicide Because of Despondency. Charles H. Woods, an ex-employee of the State Department, aged fifty years, attempted suicide about 9 o'clock last night at No. 1288 Third street southeast by cutting his throat with a razor.

Woods last his position about a year ago, and since that time has been wholly dependent upon his son, William T. Woods, an employee of the Sanitary Company, for support. Despondency is thought to have caused the act, as the man has threatened on several occasions to take his life, but no attention was paid to the remark.

Woods was conveyed to the Providence Hospital, and is reported as being very much improved to-day.

"If it's news, it's in The Morning Times."

UNDERCLOTHING.

The Fall still lingers in the lap of Summer, but it will soon be cold. Are you prepared? It is dangerous to be without some heavier underclothing, the weather changes so rapidly. There is nothing to be gained by delay.

MURKIRK SUBDIVISION

Are now on the market.

DON'T DELAY, BUT BUY AT ONCE.

100 Lots.

\$10 CASH, \$1 PER WEEK!

MURKIRK is an express station, 15 miles from the city, on main line of B. & O. R. R., between Washington and Baltimore—15 trains each way every day. Telegraph, postoffice, stores, etc.

In this subdivision we are offering opportunities to the man of moderate means, or the rich man, never before equaled in any sub. between the two cities. Lots at MURKIRK are offered by the original owner, with unblemished title deeds, and not by speculative land dealers.

The land is high and healthy, commanding a grand view of the surrounding country. No low places. No swamps. Far above the level of the railroad tracks—with enough grade to insure perfect drainage. Several springs, by analysis pronounced to be the purest water on the market. Is in direct line of progress and improvement between two cities. The new electric road, now under construction, passes through the center of this property, and will have a station conveniently located.

A marvelous success assured, and far-seeing investors fast taking advantage of extremely low prices now offered. For further particulars apply

R. J. MARSHALL,
511 11th St. N. W., or
WM. M. YAGER,
Ohio Bank Building.
